VISION

This year we'll be joining other churches at Catalina Island for Campus By The Sea's (CBS) Summer Camp Program. CBS has their own private beach and cove between two mountain ridges 3 miles west of Avalon. We'll be learning about the Bible, God and relationships while enjoying California island ocean life recreation.

These camps allow youth to get away from normal everyday distractions. I've seen campers make new friends, try new adventures, and respond to Jesus. The PYF Ministry Leaders invite your student to have a time of fun, adventure, and discipleship.

-Pastor Rick

Sign up for this incredible adventure, we only have a limited amount of spots available.
